Editorial

Can you imagine a lush green setting, surrounded by family and friends, a gentle wind sweeping across your face, fetching croissants in the morning, stopping off at the local market, learning how to furl the mooring ropes and pass through the locks, enjoying an drink on deck while watching the sun go down. Can you already feel the soothing effects of a holiday on a licence free houseboat ?
All you have to do now is take a look at this brochure to plan your next holiday.

As a family, with friends, as a couple, for a weekend, a week or more, there are many different ways to enjoy a canal or river cruise. A boating holiday is a holiday connected to nature, far from mass tourism, where you can take your time.

Les Canalous is a family business, started in 1982 in Burgundy by my grandfather René and my father Claude. The Les Canalous family has grown over the years, and now offers you 36 destinations throughout Europe, all with the same passion for pleasure boating. Don't hesitate to contact us, we'll be happy to help you choose and prepare your holiday.

Enjoy your holidays

Cruising holidays for everyone

Family cruises

You'll love :
The Mayenne, from Chenillé-Changé, has everything to please young and old alike: cycle paths, petting zoos, animal parks, museums, and swimming from the boat.
Brittany, on the Nantes-Brest canal, with its many cycle paths and outdoor activities, is ideal for spending quality time with your family.

With friends

You'll love :
The Charente, departing from Cognac. On the programme: visits to wine cellars, «guinguettes», walks, not forgetting aperitifs at sunset and swimming in the river.
Germany in the historic region of Saxony-Anhalt. A river cruise rich in visits and discoveries, while taking time to admire the region's magnificent landscapes.

For lovebirds

You'll love :
The Canal du Midi, a UNESCO World Heritage site. Stroll, visit or simply relax on the boat and admire the scenery.
Venice in Italy, the world capital of love. A unique and romantic experience on a licence free houseboat

For a first cruising experience

You'll love :
The Camargue, departing from Carnon: an easy itinerary, with few locks and plenty of stop-offs, each better than the last.
Burgundy: with its many navigable rivers and canals, houseboating is popular in Burgundy. Gourmets will love following the famous wine trails.

Feeling adventurous?

You'll love :
Alsace, the wine trail, the Lorraine regional nature park, the Arzviller boat lift .... the experiences and landscapes change from day to day.
The Lot from Luzech : surrounded by majestic cliffs and unspoilt countryside, discover all the treasures of the Lot, village by village.

Choosing my destination

With 36 departure bases in Europe, we offer you a multitude of possibilities for your choice of cruise.

Are you a beginner looking for a gentle introduction to this sort of tourism? The **Canal du Midi**, **Burgundy**, the **Camargue** or the **Mayenne** are ideal. Looking for a nature holiday? Take a trip on the **Canal du Nivernais** or the **Charente**. Food lovers will love a boating holiday in the **Lot**, **Alsace** or **Burgundy**. Explore Europe off the beaten track, discovering regions from a different angle at a gentle pace. There's bound to be a cruise in this brochure to suit you.

Level of comfort

Boat capacity explained:

Eg. 6/8 + 1 peoon;
«6» is the number of places in the cabins;
«8» is the number of places using the lounge;
«+1» is the extra place for a child under 6 (generally a bunk bed or folding bed in one of the cabins);
It is never advisable to use the maximum number of beds, comfort on board would be reduced in this case and equipment (refrigerator, bathrooms...) insufficient for a week or more.

The categories are from 1 to 6 and are used to determine the security deposit, the hourly navigation rate, the price of final cleaning, cruise plus insurance and the all-inclusive cruise package.

Boat layout charts: in the single and double berth columns, the +1 or +2 represents the available berths using the lounge.

Boat scale : about 1/150
Pictures and drawings are not contractual

Shore power: can be connected to 220v power when docked

Boat equipped with a bow thruster (propeller placed in the bow of the boat enabling the boat to be steered sideways and making maneuvering easier)

Second driving position: boat equipped with a second outside cockpit.

Bimini.

Air Conditioning: limited to the lounge area, cools by a maximum of 2 or 3 degrees

Plancha table provided on board, with a gas refill

Boat equipped with a dishwasher, remember to bring your dishwasher tablets

Nespresso® type coffee maker provided. Remember to bring your coffee capsules.

Family

Baby service
Includes a highchair, folding cot, lifejacket and, if you are hiring a bike, a child seat. Don't forget to ask for it when you book. It's free wherever it's available. Please note that most of the time, the cot can only be installed in the lounge.

Your pet
Your pet is welcome on board. You will be responsible for its behaviour. We also ask that you do not use the bedding or crockery for your pet's use. At certain bases, you will be asked to make an additional contribution.

Crew uniform
IIncludes a polo shirt or a striped t shirt, embroidered with the person's name.

Mobility

Bike hire
We offer adult and children's bikes.

Car transfer
In the case of a one-way trip, we can arrange for your vehicle to be transported from your departure base to your arrival base. Costs vary according to the route. It is best to book this service in advance. In some places, it is possible to travel between bases by bus, taxi, or train.

Parking or garage
You can park your vehicle free of charge in public car parks at most bases. At some bases, there is a locked paid car park, which may or may not be covered.

PREPARING MY TRIP

You have chosen your region, your boat and your extras, and your reservation is now made. Less than one month before departure, your voucher and your logbook in hand, it's time to plan your journey!

The following pages will provide you with valuable information to help you in this preparation, so please read them carefully before you go, and contact your travel agent for further information.

What should I pack?

Let's start with the case itself: ideally plan to use flexible bags such as sports bags: aboard a boat, space is limited and rigid suitcases may take up too much space during your stay.

We recommend that you take light clothing (shorts, swimsuits) and some rain gear and warmer clothes depending on the season. Tennis shoes are required, dress shoes are not advisable as they are inappropriate for boats and so can be dangerous.

FPP Travel boats are fully equipped, you'll find that you need to pack little in your bag!

Essentials: your camera, a torch, binoculars, a deck of cards and something to read.

Reception at the departure base

Whether you arrive by car, train or plane, the bases are ready to welcome you. To help you reach your starting point, an access plan will be sent to your agency with your voucher. On arrival, the base manager and his team will offer you their warmest welcome. No need to arrive early as most boats leaving in the afternoon are returned to the base the same day. We must therefore allow the necessary time for our team to prepare your boat before departure. Why not plan to arrive an hour before the scheduled time? This will leave time to stock your boat from the local shops.

The paperwork (license, inventory, installation) and explanations about how the boat works, take time: approximately 2 hours.

Ready to set sail!

You do not have a sailing license and are worried about driving the boat? Rest assured! The handling is quite simple and our teams on the bases will take the time to show you how the different equipment works and introduce you to the maneuvers and docking. The boat works with two commands: a throttle lever with two positions (front and rear) and a wheel to steer: you see, it's simple!
Travelling at an average speed of 6kmph. enjoy your holidays with a peaceful soothing rhythm, gently travelling on the water. Enjoy the scenery from a new perspective and feel free to punctuate your cruise with a few stops, gourmet, historical or sports. There will be something for everyone!

Don't forget your cameras: You won't want to miss herons, black kites, egrets, mallards, kingfishers...!

Important: during your cruise, you sometimes come across mariners for whom sailing is their livelihood. They always have priority, it's the rule!

Tip: do not anger fishermen. When you come across them on the banks, remember to slow down in order not to create too much backwash, and move over a little so as not to break their lines.

When you reach your first lock, don't panic! The lock is simple, and not dangerous, as long as the basic safety rules are followed. You will usually be assisted by the lock keeper, who will appreciate a helping hand if you can, for the operation of the doors and sluices, when they are not automatic. In France the locks are free. They are normally open daily from 9am to 7pm.
Important: times may vary according to season. Some bank holidays are not worked by the lock keepers (Easter Sunday, 1 May, 14 July, 1 November) Check with your travel agent.

Manual locks! On some waterways (including the Charente, Lot upstream and the Seille), locks are manual. It is you who maneuver through them, so allowing you greater freedom of navigation, without time constraints, from sunrise to sunset. These cruises are more physical, however, and are not recommended for a first timer, for persons who have difficulty moving, or who have young children with them.

Frequently Asked Questions

You can find, on the following page, the practical questions most frequently asked by our clients, and their answers:

How many people can board?
Our boats are designed for 2-12 people depending on the model. A minimum of one adult, with a person of at least 16 years, is required for all rentals. Babies and children, even toddlers, count as one person.

What are the conditions for one way navigation?
As conditions can be uncertain, one-way trips and their direction are confirmed 48 hours before boarding. A supplement will be charged for this option. One way trips are not possible with a fleet of more than 2 boats.

What supplements are required in addition to boat hire?
The only compulsory supplement is the hourly navigation charge. This will be invoiced to you on your return according to the actual number of engine hours used. This fee varies according to the category of boat and includes oil and fuel consumption. On certain bases, it is possible to purchase a package before departure. Ask your travel agent for details.

Are the boats equipped with air conditioning and heating?
All boats are equipped with forced-air heating, guaranteeing comfort whatever the climate. Only the Premium fleet boats are equipped with air conditioning, which can only be used when you are plugged in at the quayside. This is limited to the lounge and cools the air by 2 or 3 degrees.

Is there electricity on board?
All boats have electricity, so if you sail for 4 to 5 hours a day, you'll be able to recharge the batteries sufficiently for your needs. There is at least one 12V socket. Classic and Premium fleet boats have at least one 220V socket that can be used when the boat is plugged in at the quayside. Electricity should be used sparingly on boats. Breathing apparatus: Pharmacies can supply you with a 12V apparatus with a 12V socket, which consumes very little electricity. Ask your supplier.

What happens in case of floods or drought?
Some rivers and some canals are prone to flooding or water shortages, mainly in spring and autumn. These events may require us to change the departure base and your cruise to another waterway or offer you to postpone. In all cases, changing the departure base or replacement of the itinerary do not constitute grounds for cancellation or refund of your cruise.

Is it possible to sail at night? How long does it take to go through a lock?
Is it possible to swim? Where can I park? Do you have lot more questions?
